# Our Strategy 2026-2030

**Flourishing communities, where neighbours look out for each other**

## Our Vision

A society where neighbours come together to create safer, stronger, and more active communities.

## Our Mission

To support and enable individuals and communities to be connected, active, and safe, which minimises crime and increases wellbeing.

## Our Future

As we look to the future we are committed to a Britain where neighbours look out for each other. Where being neighbourly means that people of all ages and backgrounds come together to create safer, stronger, more inclusive communities. Where loneliness and isolation give way to trust and togetherness.

Neighbourhood brings us together. It unites us. Connecting us to where we live and the people we live with. Our street, our village, our town, our estate, our city, our country, our planet – these are our neighbourhoods, our communities.

In our modern age, when so many of our connections are rushed and made through phones and computers, it can be easy to forget the value of making time for simple, personal connections with the people around us.

Good neighbours can help strangers become friends, turn streets into communities and build places that are safer and better for all of us.

Helping more people in more places to make that a reality is the mission of Neighbourhood Watch and we invite everyone to join us.

## Our Values

- **Friendly:** Welcoming and bringing people together
- **Trusted:** Reliable and respected
- **Active:** Energetic and practical

## Our Goals

*Safer, connected and active communities*

- **Goal One:** Bring Neighbours Together

- Worked with Neighbourhood Watch to help a **community feel safer** or **improve community links**
- Supported a **Neighbourhood Watch group** or individual member in their activities – this could be participating in a local litter pick or event, delivering or supporting crime prevention meetings
- Helped **set up new Neighbourhood Watch schemes** or **helped grow or strengthen an existing one** – this could be helping to canvass for new members or helping residents to start one up in their area

If an officer's actions have helped bring neighbours together, reduced fear of crime, or strengthened community confidence, we want to hear about it.
